

# Poster Presentation

October 19(Thu), 15:45-16:05

▶ Exhibition Hall(1F)

Submission No.	Code No.	Session Title	Name	Affiliation	Country
AK0086	PP2-001	Effects of Long-term Residential Exposure to Ambient Air Pollutants on Cardiovascular Disease: a Population-based Cross-sectional Study in South Korea	Jinyoung Shin	Department of Family Medicine, Konkuk University Medical Center, Konkuk University School of Medicine	Korea
AF1040	PP2-002	Hospital Admissions Due to Ambulatory Care Sensitive Conditions: Results after Primary Health Care Reform in an Area of Rio De Janeiro, Brazil	LEDA JUNG SANTOS	Curso De Graduação Em Medicina, Centro Universitário Serra Dos Órgãos - UNIFESO	Brazil
AF1050	PP2-003	The Exploration of the Association between the Quality of Primary Care and Patients' Satisfaction or Loyalty in Japanese Rural Area	Tsunetaka Kijima	Department of General Medicine, Faculty of Medicine, Shimane University	Japan
AK0011	PP2-004	The Experience and Effect of the Hypertension Management Model in the Primary Care of the North Lima and Callao	JONG KOO KIM	Department of Family Medicine, Yonsei University Wonju College of Medicine	Korea
AF1049	PP2-005	Analysis of the Effect of Nine Consecutive Year's Intensive Management and Number of Achieving the Target Control on Endpoint Events in T2DM in Sanlitun Community Health Service Center in Beijing	Chen-Mei Zhao	General Practice, Sanlitun Community Health Service Center, Beijing, China	China
AK0020	PP2-006	Statin Use and the Site-Specific Risk of Colorectal Cancer in Individuals with Hypercholesterolemia from the National Health Insurance Service-National Health Screening Cohort (NHIS-HEALS)	Jae-woo Lee	Department of Family Medicine, Chungbuk National University Hospital	Korea
AK0074	PP2-007	The Effect of Change in Fasting Glucose on the Risk of Myocardial Infarction, Stroke, and All-cause Mortality: a Nationwide Cohort Study	Gyeongil Lee	Health Promotion Center, Chung-Ang University Hospital	Korea
AF0004	PP2-008	Fisher Evans Syndrome Induced by TORCH Virus Complex, Purpose of One Case in Primary Attention Care	Erdon Garcia	Duarte Province, National Health Service	Dominican Republic
AF0464	PP2-009	Student Engagement for Surveillance of Dengue Hemorrhagic Fever in a University Campus	Pakwimon Subhaluksuksakorn	Family and Community Medicine, Institute of Medicine, Suranaree University of Technology	Thailand
AK0095	PP2-011	Lower Serum Vitamin D Level Is Associated with Past Tuberculosis in Patients with Diabetes: Korea National Health and Nutrition Examination Surveys (KNHANES), 2008-2012	Changjin Choi	Family Medicine, Seoul St. Mary's Hospital, College of Medicine, the Catholic University of Korea	Korea
AF0103	PP2-012	Implementing Planetary Health Competencies into Medical Education	Tochi Iroku-Malize	Family Medicine, 171482328	United States
AF0229	PP2-013	Prevalences and Risk Factors of Serum Cholinesterase in Rahan Village People, Chumphonburi District, Surin Province, Thailand 2017	Punika Takkulthong	Family Medicine, Surin Hospital	Thailand
AK0135	PP2-015	Association between Exposure to Ambient Air Pollution and Obesity in under 65 Year Old Korean Adults	Seo Eun Hwang	Department of Family Medicine, Seoul National University Hospital	Korea
AF0079	PP2-016	Status of Signing on Family Doctor Service for Residents and Its Influencing Factors in an University Community	Xuemin Wu	Outpatient Department, Community Health Service Station of China University of Mining and Technology (Beijing)	China
AF0136	PP2-017	Internet Addiction and the Relationship with Anger and Aggression in High School Students in Adana City Center	Nafiz Bozdemir	Department of Family Medicine, Cukurova University, Faculty of Medicine	Turkey
AF0219	PP2-018	Anti - Toxoplasma Antibodies in Women with Abortion or Still Birth	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0220	PP2-019	Chlamydia Trachomatis in Women with Full-Term Deliveries and Women with Abortion	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0365	PP2-020	Training Program for Physician Assistant in Primary Care	Lazzat Zhamaliyeva	Evidence Based Medicine and Research Management, West Kazakhstan Marat Ospanov State Medical University	Kazakhstan
AF0423	PP2-021	Knowledge of Diabetes Mellitus: Does Gender Make a Difference	IJAZ ANWER	FAMILY MEDICINE, ANWER CLINIC	Pakistan
AF0440	PP2-022	Wolbachia : a Promising Natural Methode in Controlling Dengue Hemorrhagic Fever (DHF)	Vincent Gunawan	Atma Jaya Faculty of Medicine, Atma Jaya Faculty of Medicine	Indonesia
AF0468	PP2-023	The Relation between Health Care Facility-Residence Distance with Soil-Transmitted Helminths Infection among Elementary School Children in Muara Siberut, Mentawai Islands	Felly Sachariassa Herlim	Faculty of Medicine, Unika Atma Jaya	Indonesia
AF0540	PP2-024	Hidden Kidney Disease in Healthy Patients of a Primary Care Center of the Social Security of Peru, 2017	Nathaly Torres	Family Medicine Resident, DIRESA Cajamarca	Peru
AF0541	PP2-025	Prevalence of Diabetes Mellitus Post Renal Transplantation	Dulce Mariela Montes Acuña	Medicina Familiar, Instituto Mexicano Del Seguro Social- Universidad Autónoma De México	Mexico
AF0612	PP2-026	Pesticide Poisoning in Chitwan, Nepal	Dayaram Lamsal	Family Medicine, Chitwan Medical College	Nepal
AF0664	PP2-027	High Incident of Male Adults with Immunological Failure in a Public District Hospital, in Bali, Indonesia	Hilda Citrajaya	Medical Faculty, Udayana University	Indonesia
AF0665	PP2-028	Sociodemographic and Clinical Predictors of Immunological Failure in a Public District Hospital in Bali, Indonesia	Regi Rinaldy Billjudika	Medical Faculty, Udayana University	Indonesia
AF0666	PP2-029	Low Body Weight Baseline and Immunological Failure among HIV/AIDS Patients in a Public District Hospital in Bali, Indonesia	Ni Putu Ayu Astri Prana Iswara	Medical Faculty, Udayana University	Indonesia
AF0677	PP2-030	PREVENTIVE EFFECTS of a SARDINE-ENRICHED DIET on METABOLIC and METABOLOME PROFILE in a ELDERLY POPULATION with PREDIABETES	Antoni Sisó-Almirall	CAP Les Corts, Consorci D'Atenció Primària De Salut Barcelona Esquerre	Spain
AF0340	PP2-031	Smoking and Associated Factors among School Teenagers in the City of Sousse, Tunisia	Skander Essafi	Department of Family and Community Medicine, Faculty of Medicine Ibn El Jazzar Sousse - University of Sousse - Tunisia	Tunisia
AF0769	PP2-032	Crimean-Congo Hemorrhagic Fever Cases in Sporadic Area; Erzincan/Turkey	Nuseybe Akbal	Family Medicine, Tercan Hospital	Turkey
AF0795	PP2-033	The Impact of Specialized Care in Primary Care, in Hospitalizations for Conditions Sensitive to Primary Care, in a Hospital at Southern Brazil, during the Period from June 2015 to June 2016	Francine Smythe	Primary Health Care, UNIMED	Brazil
AF0806	PP2-034	Autopsic Examination of Injured Bicyclists Due to Disease.	SATOSHI FURUKAWA	Legal Medicine, Shiga University of Medical Science	Japan
AF0807	PP2-035	Pesticide Poisoning in Chitwan, Nepal: a Descriptive Epidemiological Study	Dayaram Lamsal	Family Medicine, Chitwan Medical College	Nepal
AF0989	PP2-037	"Panaot: an Overseas Filipino Worker Story"	Cyril Ian Alombro	Department of Family and Community Medicine, Philippine Association of Family Physicians	Philippines
AF0990	PP2-038	Traffic Accidents, a Growing Epidemic in the Americas	Dahlana Valentin De Garcia	Duarte, National Health Service	Dominican Republic
AF1019	PP2-039	A Prolonged Winter Surge and an Unusual Summer Surge in 2016/17: What Could We Do?	Lok Hang LEUNG	Family Medicine & Primary Health Care, Kowloon West Cluster, Hospital Authority	Hong Kong, China
AF1023	PP2-040	Smoking and Hypertension on Men Aged 35-44 in Muara Siberut Village, Mentawai Islands 2017	Enrique Vicenzo Kosasih	Faculty of Medicine, Atma Jaya Catholic University of Indonesia	Indonesia
AF1072	PP2-041	Risk Factors of Changes in Intima-media Thickness in a Taiwanese Population	Tsai-Chung Li	Department of Public Health, China Medical University	Taiwan
AF1178	PP2-042	Human Papillomavirus (HPV) Infection among HPV-vaccinated Young Adult Female in Hong Kong	Eliza Lai Yi Wong	JC School of Public Health & Primary Care, The Chinese University of Hong Kong	Hong Kong, China
AF1201	PP2-043	Management of Animal Bite Treatment Center of Ospital Ng Maynila: Basis for Improved Procurement System	Loida Del Rosario	Family and Community Medicine, Ospital Ng Maynila Medical Center	Philippines
AF1205	PP2-044	A Prevalence Study of Cigarette Smoking among People with Diabetes in Singapore	Matthias Paul Han Sim Toh	Population Health, National Healthcare Group Singapore	Singapore
AK0018	PP2-045	Secular Trends in Dyslipidemia Prevalence and Lipid Profile in Korean Adults Based on the 2005-2015 KNHANES	Hee-Taik Kang	Department of Family Medicine, Chungbuk National University College of Medicine	Korea
AK0100	PP2-046	Relationship between Leukocyte Counts and Insulin Resistance Indices in Korean Adults over 45 Years without Diabetes: 2007-2009 Korea National Health and Nutrition Survey	JUNHYUK LEE	Department of Family Medicine, Gangnam Severance Hospital	Korea
AF0430	PP2-047	Obesity Prevalence in the Kindergarten Students in Edirne City Centre	Hamdi Nezh Dagdeviren	Department of Family Medicine, Trakya University School of Medicine	Turkey
AK0228	PP2-048	Long Term Smoking Cessation Rate According to Mindfulness Level	Mijeong Park	Family Medicine, Hallym University Sacred Hear Hospital	Korea
AF0918	PP2-049	The Impact of Patient Educational Methods on Improving Influenza Vaccine Uptake	Sinead Wang	Outram Polyclinic, SingHealth Polyclinics	Singapore
AF0442	PP2-050	Depression, Self-esteem and Psychoactive Substance Consumption in Pathological Gamblers: a Tunisian Study	Rawda Ben Othman	Family Medicine Department, Medical School of Monastir Tunisia	Tunisia
AF0585	PP2-051	Perception of Vegetarian and Vegan People about the Links between Their Diet and Health	Sophie Kim Hean Sun	Rhône, University of Medicine Jean Monnet	France
AF0922	PP2-052	Factors Influenced Attitudes of Percutaneous Endoscopic Gastrostomy: a Survey in Primary Care Physicians	Yi-Hsun Lin	Department of Family Medicine, Mennonite Christian Hospital	Taiwan
AF1162	PP2-053	Isolation of Pathologic Bacteria and the Effects of Different Boiling Durations on Cultured Oysters of the Two Barangays of Dumangas, Iloilo, Philippines	Agnes Segunda Gerasmo	Family Medicine, Philippine Academy of Family Physicians - Central Philippine University	Philippines
AF1183	PP2-054	The Effect of Rice Bran Homogenate to Malondialdehyde Level of Brain in Rats Induced by Carbon Tetrachloride	Desi Melia Utami	Medical Student, Faculty of Medicine University Indonesia	Indonesia
AK0076	PP2-055	Obesity and Household Food Insecurity Are Associated with Under-reporting of Energy Intake in Korean Women	Gyeongil Lee	Health Promotion Center, Chung-Ang University Hospital	Korea
AF0075	PP2-056	Sexual Harassment of Female Doctors in the Workplace: the Stories behind the Numbers	Katie Blunt	Department of General Practice, Monash University	Australia
AF0924	PP2-057	First Brazilian Seminar on Gender, Sexuality, Diversity and Primary Care	MURILLO MOURA SARNO	Saúde Da Coletividade / Habilidades Médicas, Faculdade De Medicina Do ABC / Universidade Municipal De São Caetano Do Sul	Brazil
AF0948	PP2-058	Female Genital Mutilation - Portuguese Perspective	Duarte Pinheiro	ACES Sintra, ARSLVT	Portugal
AF1008	PP2-059	"CONSENTED" VIOLATION. PREJUDICES about the VICTIMS of RAPE BEHAVIOUR BEFORE, during and after the AGGRESSION	Elena Klusova Noguina	SemFyC/VdGM Family Violence and Equally Different SIGs, SemFyC/VdGM	Spain
AF0279	PP2-060	Loss to Follow-Up of Diabetic Patients Registered in Suranaree University of Technology Hospital in Thailand during Calendar Year 2015-2016	Pakwimon Subhaluksuksakorn	Family and Community Medicine, Institute of Medicine, Suranaree University of Technology	Thailand
AF0372	PP2-061	A Baseline Measurement of Family Doctor Team in Primary Care for Multimorbidity Using the Primary Care Assessment Tool (PCAT) in China	Harry HX WANG	School of Public Health, Sun Yat-Sen University and the Chinese University of Hong Kong	China

# Poster Presentation

October 19(Thu), 15:45-16:05

▶ Exhibition Hall(1F)

Submission No.	Code No.	Session Title	Name	Affiliation	Country
AF0391	PP2-062	Comparative Patient Perspectives on Diabetes Management Strategies in the Outpatient Settings of Primary Care and Tertiary Care Public Health Facilities in New Delhi, India	Saurav Basu	Community Medicine, Maulana Azad Medical College	India
AF0456	PP2-063	A Systematic Review of Health Status, Health Seeking Behaviour and Healthcare Utilisation of Low Socioeconomic Status Populations in Urban Singapore	Catherine Chan	Family Medicine and Continuing Care, Singapore General Hospital	Singapore
AF0267	PP2-064	Families Are More Likely to Choose DNAR Than Elderly Patients	Satoru Shikata	Family Medicine, Mie Prefectural Ichishi Hospital	Japan
AF0765	PP2-065	What Standards Will Guide New Zealand Family Doctors in the Prospect of a Physician-Assisted Suicide Legal Environment?	CHARLES MPOFU	FACULTY OF HEALTH, AUCKLAND UNIVERSITY OF TECHNOLOGY	New Zealand
AF0818	PP2-066	Ethic Consideration of Deactivating Cardiovascular Implantable Electronic Devices (CIEDs) in Patients at End-of-Life.-- What Should We Do?	Cheng-Hsi Wu	Hospice Medicine, Jen-Ai Hospital, Da-Li	Taiwan
AF0915	PP2-067	Judicial Decision of Medical Futility with or without Signing DNR in ICU, a Tertiary Medical Center Experience	Shu-Han Chen	Family Medicine, Taipei Veterans General Hospital	Taiwan
AF0983	PP2-068	Humanity Aspect of Transplant Tourism on Evidence-based Approach: a Literature Review	Chi Cong Le	Graduate Institute of Biomedical Sciences, China Medical University	Vietnam
