

# Poster Presentation

October 20(Sat), 15:45-16:05

▶ Exhibition Hall(1F)

Submission No.	Code No.	Session Title	Name	Affiliation	Country
AK0086	PP3-001	Effects of Long-term Residential Exposure to Ambient Air Pollutants on Cardiovascular Disease: a Population-based Cross-sectional Study in South Korea	Jinyoung Shin	Department of Family Medicine, Konkuk University Medical Center, Konkuk University School of Medicine	Korea
AF1040	PP3-002	Hospital Admissions Due to Ambulatory Care Sensitive Conditions: Results after Primary Health Care Reform in an Area of Rio De Janeiro, Brazil	LEDA JUNG SANTOS	Curso De Graduação Em Medicina, Centro Universitário Serra Dos Órgãos - UNIFESO	Brazil
AF1050	PP3-003	The Exploration of the Association between the Quality of Primary Care and Patients' Satisfaction or Loyalty in Japanese Rural Area	Tsunetaka Kijima	Department of General Medicine, Faculty of Medicine, Shimane University	Japan
AK0011	PP3-004	The Experience and Effect of the Hypertension Management Model in the Primary Care of the North Lima and Callao	JONG KOO KIM	Department of Family Medicine, Yonsei University Wonju College of Medicine	Korea
AF1049	PP3-005	Analysis of the Effect of Nine Consecutive Year's Intensive Management and Number of Achieving the Target Control on Endpoint Events in T2DM in Sanlitun Community Health Service Center in Beijing	Chen-Mei Zhao	General Practice, Sanlitun Community Health Service Center, Beijing, China	China
AK0020	PP3-006	Statin Use and the Site-Specific Risk of Colorectal Cancer in Individuals with Hypercholesterolemia from the National Health Insurance Service-National Health Screening Cohort (NHIS-HEALS)	Jae-woo Lee	Department of Family Medicine, Chungbuk National University Hospital	Korea
AK0074	PP3-007	The Effect of Change in Fasting Glucose on the Risk of Myocardial Infarction, Stroke, and All-cause Mortality: a Nationwide Cohort Study	Gyeongil Lee	Health Promotion Center, Chung-Ang University Hospital	Korea
AK0084	PP3-008	Perception about Age at the Start and End of Periodic Health Examinations: a Survey-based Study on University Hospital in Korea	Sujeong Shin	Family Medicine, Samsung Medical Center	Korea
AK0110	PP3-009	The Association between Body Mass Index and Plan to Stop Smoking in Korean Adult Smokers Based on 6th KNHANES (2013–2015)	Jin Wook Kim	Department of Family Medicine, Korea University Guro Hospital	Korea
AK0235	PP3-010	J-shaped Curve in the Association between Alcohol Consumption and Abdominal Obesity in Korean Men and Women	Kyoung Jin Kwon	Family Medicine, Chonnam National University Hwasun Hospital	Korea
AF0016	PP3-011	Palliative Care Consultation in a Rural Primary Care Unit - a Pioneering Experience	João Ribeiro	Family Medicine Palliative Medicine, USF O Basto; Hospital Da Santa Casa Da Misericórdia De Vila Verde	Portugal
AF0200	PP3-012	"CREDO" French Randomised Controlled Trial: Evaluation of a Structured Return Home Concertation for Patients with Metastatic Cancer.	Laëtitia Gimenez	Toulouse, Département Universitaire De Médecine Générale De Toulouse	France
AF0867	PP3-013	Identification of Risk Factors for the Burden of the Caregivers of Patients with Advanced Cancers in Palliative Care	Ngai Ping Chan	Family Medicine and Primary Health Care, United Christian Hospital	Hong Kong, China
AF0925	PP3-014	Psychiatric Disorders in Cancer Patients – the Uninvited Guests	Madalena Rapazote	USF Monte Da Lua, USF Monte Da Lua	Portugal
AF1179	PP3-015	The Accuracy of the Detection of Septin 9 Methylated DNA for Early Diagnosis in Colorectal Cancer: an Evidence Based Case Report	Desi Melia Utami	Medical Student, Faculty of Medicine University Indonesia	Indonesia
AF1225	PP3-016	Double Ostomy: Comfort and Assistance to the Patient	Debora Batista	USF Eborae, ARS Alentejo - ACES Alentejo Central	Portugal
AK0085	PP3-017	Effect of Care Coordination on Comorbidity, Quality of Life and Fear of Recurrence in Korean Cancer Survivors	Jinyoung Shin	Department of Family Medicine, Konkuk University Medical Center, Konkuk University School of Medicine	Korea
AK0087	PP3-018	Relationship between Family History of Cancer and Dietary Habits	Seo Young Kang	Department of Family Medicine, Asan Medical Center	Korea
AK0094	PP3-019	Socioeconomic Status and Depressive Mood among Adult Cancer Survivors in Korea	Seo Young Kang	Department of Family Medicine, Asan Medical Center	Korea
AF0723	PP3-020	Addressing Diversity: Perception of Treatment/mistreatment among Primary Health Care Professionals and Immigrants in Santiago De Chile.	Monica Niveló	ATENCIÓN PRIMARIA Y SALUD FAMILIAR, UNIVERSIDAD DE CHILE	Chile
AF1010	PP3-021	Guidelines on Migrant Care in General Practice : a Literature Review	Julien Artigny	Haute Garonne, Faculty of Medicine Toulouse	France
AF0471	PP3-022	Evaluation of an Audit-feedback Intervention to Improve the Performance of a Primary Care Nursing Organization	Émilie Dufour	Nursing, University of Montreal	Canada
AF1025	PP3-023	A Holistic Nursing Care Approach to Better Manage Chronic Disease Patients with Poor Control and Multimorbidity in an Integrated Family Medicine Nurse Clinic in Hong Kong	Shuk Yee Hung	Family Medicine and Primary Health Care, Hong Kong East Cluster, Hospital Authority	Hong Kong, China
AF0120	PP3-024	The Association between Shift Work and Metabolic Syndrome in Female Workers: a Cross-Sectional Study in Taiwan	Cheng-Hsien Huang	Family Medicine, Chiayi Chang Gung Memorial Hospital	Taiwan
AF0462	PP3-025	The Effects of Health Promotion Intervention on Burnout and Metabolic Syndrome in Employees in Information Technology (IT) Industry	Yi-Hsuan Lee	Family Medicine Department, National Taiwan University Hospital Bei-Hu Branch	Taiwan
AF0055	PP3-027	Factors Associated with Anemia in Grade 1 Students of Anuban Buriram Elementary School	Kunyakorn Srisuwanan	Family Medicine, Medical Education Center Buriram Hospital	Thailand
AF0080	PP3-028	"Something Suspicious": Journey of a Patient with Oral Ulcers	Carla Marie Jaducana	Department of Family and Community Medicine, Philippine Association of Family Physicians	Philippines
AF0177	PP3-029	Physical Activity, Sedentary Behaviour and Socio-Psychological Health among Adolescents in Mangalore – a Community Based Cross Sectional Study	Rahul Hegde	Community Medicine, K S Hegde Medical Academy, Nitte (Deemed to Be University)	India
AF0677	PP3-030	PREVENTIVE EFFECTS of a SARDINE-ENRICHED DIET on METABOLIC and METABOLOME PROFILE in an ELDERLY POPULATION with PREDIABETES	Antoni Sisó-Almirall	CAP Les Corts, Consorci D'Atenció Primària De Salut Barcelona Esquerre	Spain
AF0340	PP3-031	Smoking and Associated Factors among School Teenagers in the City of Sousse, Tunisia	Skander Essafi	Department of Family and Community Medicine, Faculty of Medicine Ibn El Jazzar Sousse - University of Sousse - Tunisia	Tunisia
AF0204	PP3-032	Prevalences and Risk Factors of Malnutritional Status in School-aged Children in Chumphonburi, Surin, Thailand	Chadathorn Thunyalaksananun	Medical Education Center of Surin Hospital, Surin Hospital	Thailand
AF0300	PP3-033	Overview of Factors to Consider in Lowering Stroke among Young People	Della Sabrina Marta	Faculty of Medicine, Atma Jaya Catholic University of Indonesia	Indonesia
AF0322	PP3-034	DiGeorge Syndrome	Beatriz Filipe	Unidade De Saúde Familiar Quinta Da Prata, ACES Alentejo Central	Portugal
AF0379	PP3-035	Associated Factors, Knowledge and Attitude of Parents/Teachers in Students Presume to Have Attention Deficit Hyperactivity Disorder among Elementary Students, Buriram Thailand	Chanya Gojantuk	Family Medicine, Buriram Hospital	Thailand
AF0498	PP3-036	Acute Abdominal Pain in Breastfed Baby.	Alejandro Dominguez Jimenez	Estepa Health Care Center, Servicio Andaluz De Salud	Spain
AF0499	PP3-037	When the Culprit Is Well Hidden...	Miguel Pisco	USF Ribeirinha, ACES Arco Ribeirinho	Portugal
AF0524	PP3-038	The First Symptom of Cancer	Beatriz Filipe	Unidade De Saúde Familiar Quinta Da Prata, ACES Alentejo Central	Portugal
AF0529	PP3-039	Tonic-Clonic Seizures in Adolescent. Differential Diagnosis.	Alejandro Dominguez Jimenez	Estepa Health Care Center, Servicio Andaluz De Salud	Spain
AF0590	PP3-040	Orthopedic Implications of Obesity in the Pediatric Age Group	Lígia Cristina Da Silva Gonçalves	USF, ARS	Portugal
AF0631	PP3-041	Fever Is a Significant Factor to Prolong Length of Hospital Stay among Children with Rotaviral Infection	Chao-Yu Hsu	Department of Family Medicine, PCH	Taiwan
AF0780	PP3-042	Vegetarian Children - Major Concerns to Family Doctors	Carina Afonso	USF Artemisa, ACES Cascais	Portugal
AF0882	PP3-043	Investigation and Analysis on the Current Situation of Prevention and Treatment Service against Children's Common Cold Provided by General Medical Practitioners in Xi'an City	Liping Fan	General Practice Research Institute, Xi'an Medical University	China
AF0930	PP3-044	Parents' Perspectives of Severe Pneumonia in Children Under-5: a Case-series Report	Nurainul Hana Shamsuddin	Department of Family Medicine, Universiti Putra Malaysia	Malaysia
AF0991	PP3-045	Child Abuse, an Evil and Growing Challenge for the Dominican Republic	Duarte, National Health Service	Duarte, National Health Service	Dominican Republic
AF1173	PP3-046	The Effectiveness of Growth Hormone to Increase Body Height in Patients with Chronic Kidney Failure: an Evidence Based Cased Report	Desi Melia Utami	Medical Student, Faculty of Medicine University Indonesia	Indonesia
AF1243	PP3-047	Seasonal Factors of the Child Burn Cases in a Japanese Tertiary Hospital over the Past Three Years -For More Proactive Prevention from the Local Child Burn-	Isao Watanabe	Department of Family Medicine, Kaita Hospital	Japan
AK0228	PP3-048	Long Term Smoking Cessation Rate According to Mindfulness Level	Mijeong Park	Family Medicine, Hallym University Sacred Hear Hospital	Korea
AF0918	PP3-049	The Impact of Patient Educational Methods on Improving Influenza Vaccine Uptake	Sinead Wang	Outram Polyclinic, SingHealth Polyclinics	Singapore
AF0442	PP3-050	Depression, Self-esteem and Psychoactive Substance Consumption in Pathological Gamblers: a Tunisia Study	Rawda Ben Othman	Family Medicine Department, Medical School of Monastir Tunisia	Tunisia
AF0022	PP3-051	We Take Care Elderly in Rural Area, Japan.	Tamaki Tojo	Medicine, Kitahiroshima Cho Ogawara Clinic	Japan
AF0048	PP3-052	Delusional Dermatitis Workup and Case Report	Natasa Naskovska Ilievska	Family Medicine, ZD Adolfa Drofca Maribor	Slovenia
AF0106	PP3-053	The Marital Status Difference in Depression and Cognitive Impairment in Thai Elderly at Natakong and Nonmun Community, Nakhonratchasima.	Kanalia Chanvirat	Family and Community Medicine, Suranaree University of Technology	Thailand
AF0116	PP3-054	Disease Patterns among the Elderly People Coming in Tribhuvan University Teaching Hospital, Kathmandu, Nepal	Yagya Laxmi Shakya	General Practice and Emergency, Tribhuvan University Teaching Hospital	Nepal
AF0145	PP3-055	Designing a Multifactorial Questionnaire for Evaluation of Fall Risk on Community-dwelling Elderly	Kuo-Jen Li	Family Medicine, Cheng Ching Hospital	Taiwan
AF0147	PP3-056	Characterization of a Group of Nonagenarians of the "dependent Program" on the Family Health Center in Quilpué, Chile.	Carlos Albornoz Guerrero	Medicina Familiar, Universidad De Valparaíso	Chile
AF0167	PP3-057	Prevalence and Factors Associated with Mild Cognitive Impairment in Elderly in Community Medical Unit 4 of Buriram Hospital.	Nutjakorn Harnwaree	Family Medicine, Medical Education Center Buriram Hospital	Thailand
AF0180	PP3-058	Managing Elderly Patients with Postural Hypotension in the Community – Can We Do Better?	Teck-Yee Wong	Continuing & Community Care, Tan Tock Seng Hospital	Singapore
AF0201	PP3-059	Cumulative Medication Burden and the Risk of Falls among Community-Dwelling Older Adults	Kenya Ie	Division of General Internal Medicine, Department of Internal Medicine, St Marianna University School of Medicine/Kawasaki Municipal Tama Hospital	Japan
AF0223	PP3-060	Aspiration Pneumonia Patient Have Longer Hospital Stays Than Other Pneumonia Patients	Takao Wakabayashi	The Department of Community and General Medicine, JCHO Sapporo Hokushin Hospital	Japan
AF0230	PP3-061	Determinants of Quality of Life of Elderly Patients Attending a General Practice Clinic in Southwest Nigeria	Oladipupo Fakoya	Family Medicine, Department of Family Medicine, Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria	Nigeria
AF0348	PP3-062	Medical Prescriptions in the Elderly Population Attending at USF Cova Da Piedade, Based on the Beers Criteria - a Study of Evaluation and Improvement of Quality	João Dias Ferreira	Family Medicine, USF Cova Da Piedade	Portugal

# Poster Presentation

October 20(Sat), 15:45-16:05

▶ Exhibition Hall(1F)

Submission No.	Code No.	Session Title	Name	Affiliation	Country
AF0425	PP3-063	Effect of Care Type on Social Support of Community-dwelling Elderly's Informal Caregivers	Crystal Ying Chan	JC School of Public Health and Primary Care, The Chinese University of Hong Kong	Hong Kong, China
AF0470	PP3-064	Prevalence and Associated Factors of Depression among the Elderly in Primary Care Setting, Chachoengsao, Thailand	Siriluk Pongchitsiri	Family Medicine, Buddhathorn Hospital	Thailand
AF0557	PP3-065	Burden among Caregivers of Schizophrenia Patient	Sirinrat Sangsirilak	Family Medicine, Surin Medical Education Center, Surin Hospital	Thailand
AF0558	PP3-066	The Prevalence of Cognitive Impairment among Elderly People in Yasothon, Thailand	Akekalak Sangsirilak	Psychiatry, Surin Medical Education Center, Surin Hospital	Thailand
AF0580	PP3-067	Quality of Life in Elderly People Who Are under Coverage of Public Health Centers: a Population Based Study in Shiraz, Iran	Behnam Honarvar	Institute of Health, Shiraz University of Medical Sciences, Shiraz, Iran, Health Policy Research Center	Iran
AF0588	PP3-068	1 Wake up Too Late and 1 Sleep Too Much	Gabriela Pilataxi Izurieta	Atención Primaria, Centro De Salud Santa Coloma De Farnés (Catalunya)	Spain
AF0627	PP3-069	Prevalence and Factors Associated with Anemia of Thai Elderly Residents in a Public Long-term Care Institution	Peerasak Lerttrakarnnon	Department of Family Medicine, Faculty of Medicine, Chiang Mai University	Thailand
AF0680	PP3-070	Applying an Artificial Neural Network Model for Developing the Frailty Assessment Tools in Elderly, Out Patient Clinic, Department of Family Medicine, Maharaj Nakorn Chiang Mai Hospital	Winthana Kungirisin	Department of Family Medicine, Faculty of Medicine, Chiang Mai University	Thailand
AF0689	PP3-071	Validity and Reliability of the Thai Frailty Assessment Tools in Elderly Persons in the Primary Care Unit at Maharaj Nakorn Chiang Mai Hospital	Peerasak Lerttrakarnnon	Department of Family Medicine, Faculty of Medicine, Chiang Mai University	Thailand
AF0739	PP3-072	Measuring the Home Mortality Rate Reflecting on the Elderly Patients' Wishes through the Home Medical Care Provided by a Japanese Community Hospital	Shin Yoshida	General Practice, Kaita Hospital	Japan
AF0787	PP3-073	MULTIFACTORIAL INTERVENTION TO PREVENT PROGRESSION OF PRE-FRAILITY to FRAILITY in the ELDERLY	Antoni Sisó-Almirall	CAP Les Corts, Consorci D'Atenció Primària De Salut Barcelona Esquerre	Spain
AF0885	PP3-074	Effect of "Sinlek" Rice Product to Hemoglobin Concentration and Serum Iron Level in Elderly	Peerasak Lerttrakarnnon	Department of Family Medicine, Faculty of Medicine, Chiang Mai University	Thailand
AF1113	PP3-075	Why Is Dementia Underdiagnosed? a Qualitative Study of General Practitioners	Shanu Sadhwani	Primary Care and Public Health, Brighton & Sussex Medical School	United Kingdom
AF1114	PP3-076	Understanding Why Dementia Is Underdiagnosed: Recording Practices of Cognitive Impairment in the Elderly	Shanu Sadhwani	Primary Care and Public Health, Brighton & Sussex Medical School	United Kingdom
AF1242	PP3-077	The Relationship between Sex, Age and Upper Arm Joint Flexibility among Elderly	Herlina Wungouw	Physiology, University	Indonesia
AK0033	PP3-078	Association between Depression, Suicide, and Intentional Self-harm in Elderly Patients	Hyun Sook Lee	Health Administration, Kongju National University	Korea
AK0034	PP3-079	Factors Affecting Early Complications by Depression of Knee Total Replacement Arthroplasty Inpatients	Hyun Sook Lee	Health Administration, Kongju National University	Korea
AK0111	PP3-080	The Link between Vestibular Symptoms and Sarcopenia	Ji-Hyun Kim	Department of Family Medicine, Korea University College of Medicine	Korea
AK0112	PP3-081	The Link between Tinnitus and Sarcopenia	Ji-Hyun Kim	Department of Family Medicine, Korea University College of Medicine	Korea
AK0134	PP3-082	A New Model of Health Care for Vulnerable People in Korea	Seo Eun Hwang	Department of Family Medicine, Seoul National University Hospital	Korea
AF0114	PP3-083	Preparing Refugee Health Guidelines for Primary Healthcare Providers in Rural Area	Renata Pavlov	Family Medicine, Family Practice "Dr. Renata Pavlov"	Croatia
AF0183	PP3-084	Mobilization of Health Care Professionals, Decision-Makers, Patients and Citizens to Improve Health Care Services in Rural Emergencies of the Province of Quebec, Canada – Pilot Study in Two Rural Emergencies	Richard Fleet	Family Medicine and Emergency Medicine, Université Laval	Canada

AF0444	PP3-086	Epidemiological Research of Full-time Clinics in Small Islands in Japan	Yutaka Nakashima	Support Center of Rural Medicine, Yamaguchi Grand Medical Center	Japan
AF0740	PP3-087	The Role and Function of Integrated Service Post Cadres in Lowering Non-Communicable Diseases through the Healthy Community Movement Program	Mariatul Fadiah	Public Health and Community Medicine Department, University of Sriwijaya	Indonesia
AF0744	PP3-088	Teaching Rural Practice - a Two-weekend-programme - Experiences of Five Years	Markus Herrmann	Institute of General Practice and Family Medicine, University of Magdeburg	Germany
AF0747	PP3-089	A STITCH IN TIME: an INNOVATIVE COMMUNITY INTERVENTION by PRIMARY-CARE PHYSICIANS to UPLIFT CARDIO-PULMONARY RESUSCITATION (CPR) KNOWLEDGE and PRACTICES among PROBABLE FIRST RESPONDERS of RURAL INDIA	NISANTH MENON NEDUNGALAPARAMBILL	Emergency and Family Medicine, MOSC Mission Medical College, Kolenchery, Kochi, Kerala	India
AF0786	PP3-090	Habitual Tea Drinking Associated with Increased Bone Mineral Density in Elderly Men Living in Rural Community	Wei Leng Chin	Family Medicine, E-Da Hospital, I-Shou University	Taiwan
AF0923	PP3-091	Not Everything That Counts Can Be Counted : the Experience of the Remote Island Medical Care in Okinawa.	Keita Yamashiro	General Practice, Okinawa Chubu Hospital	Japan
AF1022	PP3-092	Healthcare Services Delivery to Rural and Remote Communities through Non Governmental Organisations (NGOs)	Mamudu Dako	Rural and Remote Meicine, Dako FoundationFor Rural Healthcare and Education	Nigeria
AF0478	PP3-093	Think Tropical - Cutaneous Larva Migrans in a Non Tropical Developed Country	Ana Gomes Machado	Family Medicine, USF Monte Da Luz	Portugal
AF0319	PP3-095	Implementing End of Life Conversations in a Hospice Setting: What Are the Predictors?	Chirk Jenn Ng	Department of Primary Care Medicine, University of Malaya	Malaysia
AF0597	PP3-096	Work Stress and Insomnia among Shift Workers in Southern Taiwan	Chien-Yuan Huang	Family Medicine, Chimei Medical Center	Taiwan
AF0984	PP3-097	Shanghai Parents' Perception and Attitude Towards the Use of Antibiotics on Children: a Cross-sectional Study	Jian Wang	General Practice Department, General Practice Department of Zhongshan Hospital, Fudan University, Shanghai, China	China
AF0001	PP3-098	Patellofemoral Pain in Male of "Alternative Military Service"	Gary Chang	Family Medicine, Cheng Ching Hospital	Taiwan
AF0085	PP3-099	Tuberculosis and Street Population in the Basic Health Unit	Lina Takayanagi	UBS Milton Santos, Associação Paulista Para O Desenvolvimento Da Medicina	Brazil
AF0118	PP3-100	"My World Is Broken and Will Never Be the Same": Caring for Doctors Who Have Been Sexually Assaulted by Other Doctors.	Louise Stone	Academic Unit of General Practice, Australian National University	Australia
AF0233	PP3-101	Do We Treat Iron Deficiency Anemia Properly	Ivančica Topličan	Family Medicine, Family Practice Ivančica Topličan	Croatia
AF0390	PP3-102	Analysis of Patients Presenting with Sexual Assault at a Level Two Hospital in South Africa	Elizabeth Reji	Family Medicine, WONCA Working Women Party/Witwatersrand University	South Africa, Republic of
AF0432	PP3-103	Does Healthcare Utilisation among Young Adults Intrude the Accessibility for Those with Greater Needs?	Lisa Viktorsson	Research and Development Unit, County Council of Östergötland	Sweden
AF0742	PP3-104	The Investigation on the Needs of Specialists to Family Physicians Working at a Hospital through Referral Records in Japan	Junki Shimokawa	General Medicine & Primary Care, Ube Kohsan Central Hospital	Japan
AF0751	PP3-105	Primary Care Physicians Are Expected to Deal with Adults with Intellectual Disability	Young Jae Hong	Family Medicine, Ichishi Hospital	Japan
AK0097	PP3-107	A Study on Multiculture Family's Interest and Satisfaction Level with Medical Check-up	YUJUNG PARK	Family Medicine, Severance Hospital Yonsei University College of Medicine	Korea
AF0805	PP3-108	Handgrip Strength Is a Predictor of Functional Outcomes, Readmission and Mortality for Patients with Hip Fracture: a Prospective Study with 6-month Follow-up, Interim Report	Bangyu Xu	Post Acute and Continuity Care, Singhealth Community Hospital - Sengkang	Singapore
AF0052	PP3-109	A Rare Cause of a Swollen Leg: May Thurner Syndrome	ALEJANDRA GONZALEZ	FAMILY MEDICINE, MAYAGUEZ MEDICAL CENTER	Puerto Rico
AF0162	PP3-110	Low-Sodium Dietary Interventions in Primary Care of Cardiovascular Patients	Iryna Voloshyna	Family Medicine, Zaporozhye State Medical University	Ukraine
AF0203	PP3-111	A Cohort Study of Cholesterol Management among Patients in Macau Primary Care Setting	In Wong	Primary Care, Health Bureau of Macau SAR China	Macau
AF0209	PP3-112	Lack of Association between OX40L Gene Polymorphism Rs3850641 and the Risk of Premature Myocardial Infarction	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0211	PP3-113	Kisspeptin Serum Levels in Acute Myocardial Infarction Patients and Healthy Individuals	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0621	PP3-114	Anticoagulants Safety in General Practice: One-Year Results from the CCAO Multicenter Prospective Cohort Study.	Paul Frappé	Department of General Practice, Isolim 12109 Santhosa Divi, CIC-EC 1408 / Primary Care Unit, University of Geneva, Switzerland, University of Saint-Etienne, Faculty of Medicine	France
AF0676	PP3-115	Validity and Applicability of a New Recording Method for Hypertension	Antoni Sisó-Almirall	CAP Les Corts, Consorci D'Atenció Primària De Salut Barcelona Esquerre	Spain
AK0056	PP3-116	EFFECT OF BLOOD PRESSURE CONTROL ON CVD OUTCOME in PATIENTS with NEW HYPERTENSION : a NATIONWIDE COHORT STUDY	Do Hoon Kim	Department of Family Medicine, Korea University Ansan Hospital, College of Medicine, Korea University	Korea
AF0212	PP3-117	Higher Levels of Beta-2 Microglobulin and High Sensitive C-reactive Protein in Patients with Myocardial Infarction	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0703	PP3-118	Does a FODMAP-Restricted Diet Reduce Symptoms Associated with Irritable Bowel Syndrome? – Evidence-Based Review	Joana Reis	USF Servir Saúde, ACES Almada-Seixal	Portugal
AK0092	PP3-119	Effects of Angiotensin Receptor Blockers on Incidence of New-Onset Diabetes Mellitus in Hypertensive Patients: a Nationwide Population-based Cohort Study	Joo-Hyun Park	Family Medicine, Korea University Ansan Hospital	Korea
AK0139	PP3-120	The Body Mass Index Cut Off to Impair Obesity-related Quality of Life in Obese Korean Adults	Enjuju Sung	Department of Family Medicine, Kangbuk Samsung Hospital	Korea
AF1014	PP3-121	10-Years Transformation in Primary Health Care Wound Clinic -Quality, Safety & Efficient	Ka Ki Annette Lam	Family Medicine & Primary Health Care, Hospital Authority	Hong Kong, China
AF0213	PP3-122	Lack of Association between Rs17568 Polymorphism in OX40 Gene and Myocardial Infarction, Southern of Iran	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0214	PP3-123	Genetic Variants of Toll-Like Receptor-4 in Patients with Premature Coronary Artery Disease, South of Iran	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0094	PP3-124	The Efficacy of Therapeutic Education in Patients with Osteoarthritis in General Practice	Victoria Tkachenko	Family Medicine, Shupyk National Medical Academy of Postgraduate Education	Ukraine

# Poster Presentation

October 20(Sat), 15:45-16:05

► Exhibition Hall(1F)

Submission No.	Code No.	Session Title	Name	Affiliation	Country
AF0225	PP3-125	The Evolution and the Influence of Writing a Reflective Book in Medical and Dental Students: a 10-year Implementation for the Module of Medical Rural Studies at Suranaree University of Technology, Thailand.	Seekaow Churprong	Family and Community Medicine, Suranaree University of Technology	Thailand
AF0422	PP3-126	Effect of Pre-residency Work Experiences of Doctors on Choosing Residency Program	Hamdi Nezh Dagdeviren	Department of Family Medicine, Trakya University School of Medicine	Turkey
AK0137	PP3-127	Usefulness of an Authenticated Scenario for Evaluation of Patient Centeredness	KYE-YEUNG PARK	FAMILY MEDICINE, HANYANG UNIVERSITY MEDICAL CENTER	Korea
AF0215	PP3-128	A Comparative Study of Anti-Phosphatidyl Inositol Antibodies in Patients with Acute Myocardial Infarction and Healthy Subjects	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0216	PP3-129	Association of Anti-Phosphatidylcholine Antibodies with Acute Myocardial Infarction: a Comparative Study	Abdolreza Sotoodeh Jahromi	Immunology, Jahrom University of Medical Sciences	Iran
AF0410	PP3-130	Hypertensive Urgencies – Immediate Treatment Versus “Wait, Then Treat” Approach	Inês Andrade Rosa	Family Medicine, USF Cova Da Piedade	Portugal
AF0520	PP3-131	From Lipothymia to the Pacemaker	Silvia Alves	ACES Sintra, ARSLVT	Portugal
AF0531	PP3-132	Is Salbutamol Safe in Patients with WPW?	Jose Franco Lorente	Unidad Docente De Medicina Familiar Y Comunitaria, Area Desalud De Menorca	Spain
AF0565	PP3-133	Treatment of Patients with Arterial Hypertension in the House of Elderly Family Danica Vogrinec in Maribor	Igor Mihajlovic	Family Medicine, Ambulanta Družinske Medicine Igor Mihajlovic Doo	Slovenia
AF0596	PP3-134	Effect of Using Cardiovascular Risk Scoring on Obesity, Blood Pressure and Lipids Level – an Overview of Systematic Reviews	Tomasz Tomasiak	Department of Family Medicine, Jagiellonian University Medical College and the College of Family Physicians in Poland.	Poland
AF0662	PP3-135	Empowering Self-management of Hypertensive Patients by Risk Assessment and Management Programme	David Chao	Department of Family Medicine and Primary Health Care, United Christian Hospital	Hong Kong, China
AF0705	PP3-136	Cascais Cardiovascular Group (GCC)	Rita Abelho	ACES Cascais, USF Artemisa	Portugal
AF1048	PP3-137	Chronic Heart Failure in Primary Care	Gunnar Nilsson	Public Health and Clinical Medicine; Family Medicine, Umeå University	Sweden
AF1104	PP3-138	Impact of Calcium Channel Blocker (Dihydropyridines) in Hypertensive Patients with Peripheral Arterial Occlusive Disease	Chao-Yu Hsu	Department of Family Medicine, PCH	Taiwan
AF1165	PP3-139	Adolescents are not free from penile veno-occlusive dysfunction	Geng-Long Hsu	Male Potency Rejuvenation Center, Hsu's Andrology	Taiwan
AF1189	PP3-140	The Importance of Physical Exercise Treatment for Hypertensive Patients in Primary Care	Marie Kaseke	Faculty of Medicine, Universitas Sam Ratulangi (UNSRAT)	Indonesia
AK0045	PP3-141	Direct Bilirubin Is Associated with Low-density Lipoprotein and Particle Size in Overweight and Centrally Obese Women.	Yu-Jin Kwon	Department of Family Medicine, Yonsei University College of Medicine	Korea
AK0101	PP3-142	Association of Renin-Angiotensin-Aldosterone System with Metabolic Syndrome	Seok-won Son	Family Medicine, Catholic University of Korea	Korea
AK0109	PP3-143	The Associations of Epicardial Adipose Tissue with Coronary Artery Disease and Coronary Atherosclerosis	Seung-han Yoo	Family Medicine, Catholic University of Korea	Korea
AK0140	PP3-144	Effect of Coenzyme Q10 on Insulin Resistance in Korean Patients with Prediabetes: a Single Center, Randomized, Double Blind, Placebo-controlled Study	Sung-Goo Kang	Department of Family Medicine., ST. Vincent's Hospital, the Catholic University of Korea	Korea
AF0405	PP3-145	A Case Report of Primary Spontaneous Pneumothorax	Inês Andrade Rosa	Family Medicine, USF Cova Da Piedade	Portugal
AF0427	PP3-146	One Patient Two Papillary Neoplasm	Duarte Pinheiro	ACES Sintra, ARSLVT	Portugal
AF0527	PP3-147	To Clean or Not to Clean, That's the Question	Ruth Muñoz Maya	CS Ntra. Sra. Del Castillo, Lebrija, Servicio Andaluz De Salud	Spain
AF0532	PP3-148	Churg-Strauss Necrotizing Vasculitis in Young Male.	Alejandro Dominguez Jimenez	Estepa Health Care Center, SAS	Spain
AF0797	PP3-149	Prevalence and Associated Factors of the Incorrect Administration of Metered Dose Inhaler (MDI), Dispensing a Short-acting Bronchodilator by COPD Patients in Primary Care Setting	Saowapha Srisai	Family Medicine, Songkhla Hospital	Thailand
AF0815	PP3-150	Effectiveness of Ginseng Extract Supplementation in the Treatment of Patients with Chronic Obstructive Pulmonary Disease: and Evidence-Based Case Report	Rahmah Amran	-, Faculty of Medicine, Universitas Indonesia	Indonesia
